

**CLIFTON BOARD OF EDUCATION  
INITIAL LEGISLATIVE COMMITTEE MEETING  
May 10, 2018  
MINUTES**

**Board Members Present:** Fahim Abedrabbo (Chair), Judy Bassford and James Daley

**Administration Present:** Richard Tardalo, Michael Ucci

**Meeting Time:** Thursday, May 10, 2018, 3:00 pm – 4:00 pm

A. A conference call was held with the Department of Education regarding our funding struggles in regards to the Passaic Arts and Science Charter School. On the call with the Department of Education were mentioned of revisiting the breakdown of aid to the Passaic Arts and Science Charter School based on anticipated students from 2017-2018 and actual numbers. This would allow us to take a look at numbers of 2018-2019 and 2019-2020 and argue that they over anticipated the amount of students that would be registered within the Passaic Arts and Science Charter School.

1. They DOE is willing to look at the school enrollment and determine if it needs to be revisited.
2. More conversations will take place once the DOE has taken a look at the financials and numbers of enrollment

**All above pending upon being passed by the full board on the date of May 23, 2018**
