

Notice of Work Near Clifton Schools

Dear Parents, Guardians and School Staff,

As you prepare to return to school in September, PSE&G is continuing to work in your neighborhood to replace old gas pipes with new piping in order to ensure the continued safety and reliability of your gas service. While our work may not impact classrooms directly, it will affect traffic flow in the area of your school. We are working with local officials to minimize the impact to your school, particularly in drop-off and pick-up zones.

Please note the following:

- We are currently working on several streets in Clifton (see attached sheet)
- During the month of September, our work hours are 7:00 a.m. to 7 p.m., Monday through Friday, with possible Saturday work.
- All construction work is dependent on weather.
- When work is finished, we repair roads with temporary pavement until the project is complete and the ground settles. This generally takes 45 to 90 days. Final restoration may take longer, depending on the weather conditions, size of the project or at the request of the municipality. PSE&G then restores roads with permanent paving, in accordance with local ordinances and paving requirements.

While this work will cause some inconvenience, we are dedicated to investing in new infrastructure that ultimately better serves our business and residential customers.

For a list of streets and video about the work, please visit pseg.com/gaswork. If you have any questions, please call 1-833-661-6200 and leave a message.

Thank you for your patience and cooperation as we work to complete these important upgrades.

Sincerely,

PSE&G Field Supervisor
