MESSAGE FROM THE SUPERINTENDENT
2018-2019

Dear Parents and Students,

As the Clifton Superintendent of Schools, I am proud to welcome each of you on behalf of the Clifton Board of Education. The Clifton Middle Schools will continue to provide a quality educational experience for all of the children that attend the Clifton Schools. During the 2018-2019 school year we will be continuing extended periods in the core instructional areas. Our goal is to raise the bar and challenge each student to achieve their maximum potential. We are focusing on students being active readers. All students are required to have an independent reading book with them at all times and to actively participate in the Accelerated Reading Program.

This booklet is an important resource that contains all of the policies and procedures to be followed at both Christopher Columbus and Woodrow Wilson Middle Schools. We believe it will answer many of your questions and concerns. We further encourage you to utilize the enclosed calendar to mark the important dates in your child's school year.

We invite you to get involved in your child's education. Visit the school and make a connection with your child's teachers, join the Home and School Association, come in and meet the school principal as education has been shown to be most effective when there is a partnership between the schools and the parents. Please check our website for additional information regarding our programs at www.clifton.k12.nj.us and also note that report cards will be available online according to the calendar on page nine.

We thank you for trusting us to educate your most precious possession, your child and wish you a successful 2018-2019 school year.

Sincerely yours,

Superintendent of Schools

Parents and pupils are both reminded that effective communication is critical to a sound school experience. You are encouraged to take an active part in the educational process by meeting with teachers, counselors, and available staff when needed. We are here to assist in making the middle school years positive and productive. PHILOSOPHY

The Clifton Board of Education firmly believes that it is the inherent right of every child enrolled in the public schools to receive a sound education rooted in equal opportunity and delivered in an environment which ensures physical and mental security. In today's pluralistic technological society, our first and foremost task is to instruct students in the democratic principles found within the ethical framework of the Constitutions of the United States and the State of New Jersey.

The Clifton Board of Education recognizes the importance of promoting early literacy as a foundation for academic success. Through its instructional program and co- and extra-curricular experiences, students will become independent thinkers, good decision-makers, and self-supporting, productive citizens.

The Clifton Board of Education promulgates the following outcome goals:

1. To provide students with the skills essential to obtaining information, thinking critically, solving problems, and communicating effectively.
2. To create an atmosphere which encourages students to obtain knowledge and to develop the life skills necessary to enter the work force and/or pursue higher education.
3. To furnish students with knowledge of current and changing technologies across the curriculum.
4. To encourage the school community to become responsible contributors to the decision-making process.
5. To develop an appreciation for the creative process through problem solving and technology.
6. To foster understanding, sensitivity, and respect regarding all cultures.
7. To impart knowledge, practices, and perspectives that promote personal and global health and safety.
8. To nurture an appreciation for the fine, applied, and performing arts.

To attain these goals, the Clifton Board of Education shall provide meaningful instruction, an environment conducive to learning, an opportunity for community input, and a professional staff of the highest quality.

EXPECTATIONS FOR STUDENT BEHAVIOR
CODE OF CONDUCT

It is expected that you will behave in ways that will enhance social relationships in the school and facilitate learning. WEAPONS / VIOLENCE / THREATS

Category III Disciplinary Offense

A student shall not possess, handle or transmit a weapon or firearm while on any school property, while at any school-sponsored or approved activity or while walking or being transported in any manner to or from a school or school-sponsored or approved activity. The term "weapon" shall include but is not limited to any knife, cutting instrument, explosive, mace, firearm, shotgun, rifle and any other tool, or instrument capable of inflicting serious bodily injury. This includes BB guns and air guns, according to New Jersey statute. Weapons or weapon look a likes, or any device used to cause potential injury will be handled in accordance with zero tolerance.

Threats, or violence by any means, are considered real threats and will be handled with zero tolerance.

Any students demonstrating membership or association with any gang, or gang related activity, will be reported to the Clifton Police Department for further investigation. Additionally, appropriate disciplinary action will be taken at school.

"Birthday Taps" (punches that are given to a student on their birthday), are to be considered an assault on another student, a suspendable Category II disciplinary offense (Fighting/assaulting another student or person). Aggressive behavior will not be tolerated.

Back Packs

Back Packs **ARE NOT PERMITTED** to be used in the school building during the school day. Students may carry their back packs to school and store them in their assigned locker. After the end of school day bell, students will be permitted to use their back packs and then leave the school premises. Back packs with wheels are not permitted in the school building. The only back packs that are permitted are those that can be stored in the school locker.

Discipline for Special Education Students

Discipline for classified students will be consistent with Board Policy and in compliance with State law and the student's Individual Education Plan (I.E.P.)

SAFETY IN TRAVELING TO AND FROM SCHOOL

It must be remembered that a student's behavior traveling to and from school is a reflection upon the reputation of our school. Any problem that may arise during this time comes under the jurisdiction of the school's disciplinary policy.

STUDENT TRANSPORTATION

Riding a school bus is an integral part of the school system, and it becomes an extension of the classroom, which warrants the same standard of conduct. Good pupil conduct on the bus attributes to safe transportation because it helps to avoid accidents, which may result from the distraction of the driver. It also helps reduce student accidents on the bus.

Failure to comply with transportation regulations can result in disciplinary action and/or removal of privileges.

STUDENTS MUST CARRY THEIR I.D. BUS PASS AT ALL TIMES.

Eligible students, who travel a great distance (beyond two miles) to school, have the privilege of utilizing the school's buses to arrive and depart from school. The expense of the transportation is shared by the taxpayers of Clifton, and every student riding a bus has been issued a ticket, which permits him/her to ride on a particular bus. While riding the bus, each student is expected to abide by certain rules of conduct, and the rules are stated on the instruction sheet distributed with the bus tickets. If the student does not comply with these rules, the administration has the authority to deny the bus privilege in accordance with Board of Education Policy 5800. If a ticket is lost, a replacement fee of \$2.00 will be charged. Riding the school bus is a privilege, not a right, and appropriate behavior and actions will guarantee this privilege. While riding the school bus the child is governed by New Jersey State Law. Any student who continually misbehaves will be suspended from the bus, and the parents must provide future transportation.

ENTERING AND LEAVING THE SCHOOL

Students should use the approved exit and entrance as announced in school. Tardy students are to utilize the designated entrance and report to the attendance teacher for a late pass. Students should promptly leave the school building upon dismissal or conclusion of remedial, detention, or other after school activities. All school doors are locked to the outside when school is in session to protect students from unauthorized visitors. Any student who admits persons to the building will be subject to disciplinary action.

School doors that are opened earlier due to inclement or very cold weather allow students to enter the cafeteria, auditorium, or other designated area at 7:15 a.m. quietly and await the bell. NO students are permitted in any other part of the building before the opening bell.

HOMEROOM REGULATIONS

Every student is a member of a homeroom group under the direction of a homeroom teacher, and every morning, after going to his or her locker, the student is to report directly to his/her homeroom and remain there unless excused by the teacher for some valid reason. The homeroom class assembles in the morning for the purpose of opening exercises, attendance, and announcements. Homeroom period is also devoted to the reading of a self-selected book and preparation for the day's activities.

It is essential to recognize that the homeroom period is as important as every other class. Therefore, it is imperative to attend homeroom regularly, and behave appropriately.

COUNSELING DEPARTMENT

The Counseling Department is located near the main office. Each student has a counselor who is eager to help in solving personal or school problems. Students should not hesitate to seek the assistance of their counselor. Counselors are available for conferences in the morning prior to the homeroom period and after seventh period. During the regular periods of the day, you must obtain an appointment arranged through your homeroom teacher. **GOING TO THE COUNSELING OFFICE WITHOUT AN APPOINTMENT OR PASS WILL BE CONSIDERED AN UNEXCUSED ABSENCE FROM CLASS.**

*****STUDENTS ARE NOT PERMITTED TO GO TO THE COUNSELING OFFICE BETWEEN PERIODS*****

SECTION 504 - REHABILITATION ACT OF 1973

In accordance with Section 504 of the Rehabilitation Act of 1973, students who meet eligibility requirements and are not receiving special educational services may be provided services. Section 504 services are provided for students who have a physical or mental impairment that limits one or more major life activities. Parents, students, and teachers are advised to report concerns to the District 504 Coordinator by email at mbeck@cliftonschoools.net.

PUPIL RECORDS

Parents/guardians and adult pupils are advised that they have the right to review pupil records in accordance with N.J.S.A. 18A: 36-19; New Jersey Administrative Code: Title 6, Education, Sub-Title A, chapter 3, 2.1-2.8 and the Clifton Board of Education Policy manual. Such requests must be directed to the building principal for prior approval.

STUDENT SUPPORT SERVICES

All Clifton schools provide services for identification and early intervention with students having academic, behavioral, or other problems, which may interfere with a successful school experience. In some instances, parents/guardians may know of conditions at home, which, while not currently affecting school performance, present a risk factor requiring assistance. Each school has a Pupil Assistance Committee, which includes teachers, administrators, and counselors who review and plan strategies to assist students in "maximizing their potential". Parents/guardians are encouraged to make use of these services as part of the Pre-referral Intervention process prior to requesting a referral to the Child Study Team. Further information about programs available at the school or those offered to parents/guardians in the evening may be obtained by contacting the school's Counseling Office or the Department of Counseling and Student Service (470-5697).

In addition to the services offered by the Department of Counseling and Student Services, the Special Education Department provides special services for those students who need additional help. Child Study Team evaluations and related services to education such as counseling, physical therapy, occupational therapy, speech and language therapy, are some examples. Children who are classified as having an educational handicap per N.J.A.C. 6:28 are provided a program in special education which best fits their needs. The Special Education Department can provide these services for children ages 3 through 21. For additional information, call 470-2285 or 470-2286.

HOMEWORK PROGRAM

Homework practices are an important part of the educational process enhancing schoolwork and helping develop good study habits. Requisite study skills must be taught by teachers and strengthened at home. Homework serves to reinforce learning and gives students the additional opportunity to practice and/or explore related subject matter. As an integral part of the curriculum, homework is related to the educational goal of the district.

The amount of time students in the same grade spend on homework varies. Students should be assigned homework on a daily basis that is appropriate to their grade and instructional level.

Class time is not allotted for the completion of homework assignments. If a student consistently states that he/she has completed an assignment in school, parents should contact the teacher or principal for verification.

PHOTOGRAPHS/VIDEO TAPE - PUBLIC RELATIONS

There may be occasions when your child may be photographed or videotaped participating in school functions. There will be a form that is to be completed and returned that will allow/not allow them to be photographed.

MEDIA CENTER

All Middle School students are cordially invited to make use of the Media Center for reference work, supplementary reading, and to borrow books and periodicals. We want you to feel the Media Center is for your use, and that it also belongs to your fellow students as well.

Students may use the Media Center freely before the first period and after seventh period. A study hall teacher will also admit students to the Media Center from study hall or class for the day indicated.

SCHOOL STORE

The School Store provides a convenient place for students to purchase school supplies and other items such as school emblems, pencils, notebooks, locks, etc. Check with your homeroom teacher for the hours of the School Store.

All facial piercings, which include the tongue, must be removed prior to participation in physical education class. Refusal to do so will result in a zero for the day and any subsequent days until it is removed. Any new piercings, studs only, may stay in for 6 weeks with a note from home. It is highly suggested to have new piercings done during the summer time or the beginning of the student's health unit.

EXCUSED - A dated note from a parent requesting a student to be excused from gym for three days may be honored. Participation in the regular class activity will be excused. In order to be excused for more than three days due to illness or injury, a medical excuse issued by a doctor is required. The note will be given to the school nurse and kept on file in the counseling office. Excused students will be expected to participate in an adaptive or remedial physical education program.

All other students must remain in their study class working on school related items or reading a recreational reading book. The teachers and administrations will review expectations for students for a study period.

STUDENT COUNCIL

The School Student Council is an organization of students, faculty, and administrators, which governs the many activities of the Middle School. All students have the opportunity to participate in the functioning of the Student Council. The problems and views that you bring to your representative's attention are discussed at the council meeting. They are your contribution for improving the school and its activities. The Student Council depends on the students for their views and new ideas. The Student Council represents the entire school body and has the authority to represent school opinions. It has the power to initiate, consider, and act on questions and problems, which relate to the general welfare of the school. The Principal, however, shall have the power to veto the action of the Council if necessary, since he/she is legally responsible for their actions.

Each year one student from each homeroom is chosen to represent his group in the Student Council. A representative or alternate representative acts as liaison between the Council and the student body by bringing your views to the Council's attention and keeping you informed on Council activities. A copy of the Student Council's constitution is available to all students.

SCHOOL SERVICE ORGANIZATION

The School Service Organization provides students the opportunity to serve their school in a variety of ways. Students may participate in an activity before and after school or during study and homeroom periods. Students may work for one or more of the following: Principal's office, guidance office, clinic, school store, hall, media center, AVA, and helping teachers. Activity advisors will monitor student production and time spent for each activity. Honor Society service credit may be earned for participation in any of the above listed activities.

CLUBS, INTRAMURAL & INTERSCHOLASTIC ACTIVITIES

The middle school program offers diversified clubs and intramural/interscholastic programs. The clubs serve to broaden interests and encourage development of well-rounded students. They also provide enjoyment and variety to the school day. Each student may select the club of his/her choice at the beginning of the school year. Sheets summarizing the activities of each club enable you to make your decision. Although clubs are provided for your enjoyment, each club can only be as good as its members help to make it. Cooperation and consideration of others is necessary.

CLUBS are provided to broaden the interests through participation with fellow peers in a variety of areas.

INTRAMURALS are programs provided to broaden the interests through active participation against fellow peers in a variety of after school sports.

INTERSCHOLASTIC programs are highly competitive sports which take place against other school districts. Tryouts are held and medical physical exams are required for participation.

INTERSCHOLASTIC SPORTS GRADING POLICY

Any students selected for a team must submit his/her most recent report card/progress report to the coach for approval. Students with citizenship grades less than 3 in the previous marking period and/or failing in three subjects or more, inclusive of Physical Education, may NOT participate in the Interscholastic Sports Program. ATTENDANCE, TARDINESS, AND EXCUSES

The Board acknowledges the importance of regular attendance in an effective instructional program. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session unless it is shown to the satisfaction of the building principal that an acceptable cause exists to justify the student's absence. In accordance with statute, the Board shall require from the parent of each child who has been absent from school a written statement which shall be submitted within 5 school days of that absence of the reason for such absence. The Board reserves the right to verify such statements and to investigate the cause of each absence of more than three days duration and repeated unexplained absences or tardiness.

Students not in attendance during any school day are not permitted to engage in school related activities before or after school on the day of said absence.

ATTENDANCE POLICY

Attendance enforcement procedures (File No. 5112.1A) must be carefully adhered to. NOTE: Parents/guardians and students must sign and return the enclosed Contract/Statement of Understanding about this policy. Signing does not mean agreement but rather that both parties have read and are familiar with this policy.

1. Maximum Number of Absences Permitted for Full Year Students:

Full Year Courses - 16 Absences

All absences will be counted. It is the intention of this policy that the permitted number of absences will provide for normal illnesses.

A student will be considered absent for the purpose of this policy, for the following reasons:

 - e. When the student, following a warning, fails to report at the start of the school day to homeroom or first period unless the student signs in at the designated office on arrival.
4. **Truancy**
Truancy from school is defined as being absent from school without a parent or guardian's permission. Truancy will be subject to disciplinary action by the administration and treated by each subject teacher as a class cut. New Jersey State regulations: NJ18A: 38-25 and NJSA18A: 38-31.

 - c. The students who use their quota for other than illness will not be able to claim relief on the basis that they did not expect to become ill after using the absences for other purposes.
 - d. All lateness to school after homeroom period which results in a student missing class that does not meet the exclusionary provisions of the Attendance Policy shall be charged to a student under the Cut Policy.

FAMILY TRIPS/VACATIONS SHOULD BE PLANNED OUTSIDE THE SCHOOL CALENDAR; THAT IS, WHEN SCHOOL IS NOT IN SESSION (e.g., Holiday, Winter, or Spring Recess, or in summer).

Cooperative procedures for dealing with absences and issues regarding absences are detailed by Board Policy 5200.

ABSENCE

Regular attendance is important. In the event of absence, the parent or guardian is requested to notify the Office by telephone after 7:30 a.m. (see inside cover for telephone number). Upon the student's return to school, a written explanation from the parent/doctor must be presented to the homeroom teacher.

RELIGIOUS HOLIDAYS

The following Board of Education policy is presented with regard to religious holiday absenteeism. Pertinent extracts from N.J.S.A. 18:36-16, are as follows:

1. No pupil who is absent from school because of a religious holiday may be deprived of any award or eligibility or opportunity to compete for any award because of such absence.
2. If a pupil misses a test or examination because of a religious holiday, he must be given the right to take an alternate test or examination.
3. To be entitled to the privileges set forth above, the pupil must present a written excuse signed by a parent or person standing in place of a parent.
4. Any absence because of a religious holiday must be recorded in the school register or in any group or class attendance record as an excused absence.

A list of religious holidays for the current school year can be provided upon request.

TARDINESS

Avoid tardiness. You must be in your seat by 7:55. If you are tardy, you must secure a late pass from the attendance teacher or the main office and present the pass to your teacher for admittance to class. Tardiness may carry the penalty of administrative discipline.

Tardiness to school or class that is caused by a pupil's illness, an emergency in the pupil's family, the observance of a religious holiday, a death in the pupil's family, or by the pupil's compliance with a request or directive of an administrator will be considered justified and is excused. All other incidents of tardiness will be considered unexcused. The penalties for tardiness will be determined in accordance with administrative guidelines. You will not be considered tardy if you are a pupil who rides on a school bus, which arrives at school late. In this case, report directly to the office and then to class.

A pupil who develops a pattern of tardiness, excused or unexcused, will be offered counseling with the appropriate staff member to determine the cause of the tardiness.

Tardy students are to use the designated entrance.

Tardiness to class will be treated in the same way as tardiness to school.

N.J.S.A. 18A: 36-14; 18A: 36-15; 18A: 36-25 et seq.

ADMINISTERING MEDICATION

There may be times when a student will be required to take either prescribed or over the counter medication (including cough drops and herbal preparations) during school hours. The administration of medication will be permitted only when failure to take such medication would jeopardize the health of the pupil, or the pupil would not be able to attend school if the medicine were not made available to him/her during school hours. Before any medication may be administered to or by any pupil during school hours, parents are required to submit a written request for such medication and relieve the Board of Education and its employees of liability for actions related to the administration of medication. A grade of 70 or better is required for promotion to the next grade level. In addition to report cards, progress reports are issued four times a year indicating the student's academic status in each subject.

2. Only grades appearing each marking period on the report card may be used in determining the final grade. Teachers will adhere to the administrative policy for determining the average. This policy is available for parent and student review.

IN EXCEPTIONAL CASES, THE FINAL GRADE SHALL BE DETERMINED AFTER CONSULTATION WITH THE PRINCIPAL.

C. Incompletes

1. Marking period incompletes must be resolved by the second week of the next marking period. Unresolved incompletes by students will result in a failing grade for the marking period.
2. A final grade of incomplete may not be given without the approval of the principal and specific instructions for making up the incomplete grade.

D. Grade Changes After Submitting Course Grades

A teacher must have the principal's approval to change a grade for a marking period, final exam, or final grade.

PROMOTION AND RETENTION

The Board recognizes that the personal, social, emotional, and educational growth of children varies and therefore students should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

- A. Pupils in grades 6, 7, and 8 may be promoted with one major subject failure and the recommendation that the subject be made up in summer school.
- B. Pupils failing **two** full-year subjects **will be retained** unless **ONE** subject is made up in summer school. If Language Arts or Mathematics is one of the two failed subjects, it **MUST** be the elected summer school selection. However, it is also recommended that the other failed subject be made up in summer school.
- C. Pupils failing **three** subjects **will be retained** unless up **TWO** subjects are made up in a summer school session.
- D. Any pupil failing **four or more** subjects **will be retained** in that grade level. For a second time retention, Crisis Team or Child Study Team involvement and recommendation is required.

REPORTING ON STUDENT PROGRESS

The Clifton Board of Education believes that education must be a cooperative venture between a student's parents and the school system. Consequently, regular progress reports in the form of an end-of-the-marking period report card and a middle-of-the-marking period progress report will be sent to parents concerning each student's program and progress. Progress reports and report cards must be signed by either parent or guardian and returned the following day to the homeroom teacher.

Additionally, interim progress reports may be issued by teachers as needed to indicate decline in student progress. The parent, through their child's counselor, may request student progress updates.

PARENT/TEACHER CONFERENCES

Communication is a must. In-person meetings or telephone conferences between teachers and parents may be arranged for by Guidance or directly with a note at any time. Additional conference time may also be scheduled during a teacher's P & C period via a telephone call to guidance or a note to the teacher.

A Back-to-School night shall be held early in the school year for teachers to explain the course of study. Parent/Teacher conferences will be held throughout the course of the school year. Please refer back to page 9 of this agenda for the list of scheduled dates for parent/teacher conferences.

HONOR ROLL

Each student who attains a grade of 85 or better in each subject and meets high standards of citizenship (1-2-3), achieves Honor Roll status.

National Junior Honor Society Criteria
8th Grade Students

The National Junior Honor Society middle school chapter establishes rules for membership that are based upon a student's outstanding performance in the areas of: **Scholarship, Leadership, Service, Character, and Citizenship**. These criteria for selection form the foundation upon which the organization and its activities are built.

Students will be considered for induction into the National Junior Honor Society during the first three marking periods by achieving the following:

- **Academics**
 - Students must achieve Honor Roll at least two out of the first 3 marking periods. If the student is not on the honor roll in one of those three marking periods, their overall average must be an 85 or better.
 - No failing grades (below 70).

- **Discipline**
 - No B4 or B5 behavior grade in ANY subject.
 - No out of school suspensions.
 - No behavioral reassignments.
 - No pattern of discipline issues (i.e. frequent detentions).
 - No excessive tardiness (15 or more).

- **Service**
 - **15 Hours of Community Service**- Community Service must be done outside of CCMS by the end of the third marking period. This can be summarized as an activity to which a student is providing a service to an individual or group.
 - **School Service** - School Service is considered to be an activity that provides a service to our school throughout the year.

- **Reading** - Students are required to read **15 Accelerated Reader** books by the end of the third marking period.

Documentation for all the above areas are obtained and maintained by the National Junior Honor Society Advisor. After the advisor approves those students who have met all criteria, the list is finalized. The Honor Society induction ceremony is held in May or June.

OUTSTANDING FOOD SERVICE CHARGES

The Board of Education understands a student may forget to bring breakfast or lunch, as applicable, or money to purchase breakfast or lunch to school on a school day. When this happens, the food service program will provide a student with a breakfast or lunch with an expectation payment will be made the next school day or shortly thereafter. However, there may be circumstances when payment is not made and a student's school breakfast/lunch bill is in arrears. The school district will manage a student's breakfast or lunch bill that is in arrears in accordance with the provisions of N.J.S.A. 18A:33-21 and this Policy.

In the event a student's school lunch or breakfast bill is in arrears in excess of \$50.00, the student will continue to receive lunch or breakfast and their account will be charged accordingly. The Principal or designee shall contact the student's parent to provide notice of the amount in arrears and shall provide the parent a period of ten school days to pay the full amount due. If the student's parent does not make full payment to the Principal or designee by the end of the ten school days, the Principal or designee shall again contact the student's parent to provide a second notice that their child's lunch or breakfast bill is in arrears. If payment in full is not made within one week from the date of the second notice, the student may not be served school breakfast or lunch, as applicable, without payment for that day's breakfast or lunch beginning the eighth calendar day from the date of the second notice. The student whose account balance has not been paid after two notices will be served an Alternate Meal (a complete meal consisting of a cheese sandwich, fruit, vegetable and low fat milk). This meal will be charged at the regular meal price.

A parent who has received a second notice their child's lunch or breakfast bill is in arrears and who has not made payment in full within one week from the date of the second notice will be requested to meet with the Principal or designee to discuss and resolve the matter.

A parent's refusal to meet or take other steps to resolve the matter may be indicative of more serious issues in the family or household. In these situations, the Principal or designee shall consult with and seek necessary services from both the County Board of Social Services and the Department of Children and Families, Division of Child Protection and Permanency, as appropriate.

When a parent's routine failure to provide breakfast or lunch is reasonably suspected to be indicative of child abuse or neglect, the Principal or designee shall immediately report such suspicion to the Department of Children and Families, Division of Child Protection and Permanency as required in N.J.S.A. 9:6-8.10. Such reporting shall not be delayed to accommodate a parent's meeting with the Principal or designee.

If the student's breakfast or lunch bill is in arrears, but the student has the money to purchase breakfast or lunch, the student will be provided breakfast or lunch and the food service program will not use the student's money to repay previously unpaid charges if the student intended to use the money to purchase that day's meal.

The food service program will prevent the overt identification of children through the method of payment used to purchase a meal and whose breakfast or lunch bill is in arrears.

In accordance with the provisions of the United States Department of Agriculture, this Policy shall be provided in writing to all households at the start of each school year and to households transferring to the school or school district during the school year. The school district may post this Policy on the school or school district's website provided there is a method in place to ensure this Policy reaches all households, particularly those households without access to a computer or the Internet.

This Policy shall also be provided to all school and food service staff responsible for the enforcement of this Policy, including school administrators to ensure this Policy is supported. The food service program will comply with all meal charge policy requirements of the United States and New Jersey Department of Agriculture and N.J.S.A. 18A:33-21.

STUDENT SCHOOL DRESS CODE

Philosophy

Parents have the primary responsibility for determining appropriate dress and grooming for their children. While it is not the intent of these regulations to usurp parent or student prerogatives in the selection of clothing styles, which frequently change and reflect personal taste, it is necessary to establish guidelines and limits of what will be permitted within the school environment. Of paramount importance in this dress code are the health and safety of the students and the avoidance of disorder and/or distractions to the educational process. Optimum learning conditions are of utmost importance and are our focus. This dress code reinforces that value.

Purpose

The purpose of the school dress code is to establish standards for what is acceptable dress and grooming within the school setting with particular concern for the health and safety of the students. In addition, the code is designed to encourage a mode of dress and grooming that is conducive to establishing a climate of discipline, order, teaching and an effective learning environment.

SUSPENSION/EXPULSION

The Board of Education recognizes that from time to time circumstances will exist wherein a student must be disciplined in a manner to include suspension and/or expulsion. The provisions for such action are outlined in Board of Education Policy 5805 and are in compliance with New Jersey Statutes 18A: 37-2. Included in Policy 5805 is the provision for individual due process prior to the enactment of any suspension (in and/or out of school) or expulsion. Policy 5805 is available for review in its entirety.

This policy embodies loss of privileges as part of the discipline procedures.

POLICY CONCERNING DRUGS, ALCOHOL, TOBACCO AND CONTROLLED DANGEROUS SUBSTANCES

Policy Statement

The Board of Education, acting upon the community's expectation that their public schools will provide the most conducive learning environment, recognizes that unless schools and their students are free of alcohol and other drugs, optimum conditions for learning do not exist.

The following are excerpts from the Board of Education's policy and procedure on alcohol, tobacco, and other drug abuse. This is an informational overview and is not intended as full text.

For interpretation of the full policy and procedures, contact:

**District Substance Awareness Coordinator
Supervisor of Counseling and Student Services
Jessica Tremble : 973-470-5697**

Students are prohibited from possessing, consuming, or distributing drugs or alcohol in any form while at school, in co-curricular and extra-curricular programs, on school grounds, attending a school-related function on or off campus, and when coming to and going from school. Students are further prohibited from smoking cigarettes or using tobacco products in any form in school buildings. In accordance with NJSA 18A:40A Article 2 and NJAC 6:29-6.1-6.5, students suspected of being “under the influence” shall be subject to medical examination, suspension, and other disciplinary measures as established by this policy. In order to insure that all students receive the required physical examination and lab testing, the Board of Education shall designate annually a physician or medical group to provide these services as part of the Districts budget expenses. Students and their parent(s)/guardian(s) are advised that New Jersey laws may require additional penalties beyond school sanctions for drug-related offenses on and off school grounds in accordance with Drug Free School Zones statute. The Board of Education intends to use the disciplinary sanctions of this policy as a means of helping students recover from the debilitating effects of substance abuse. It is in this spirit that the development and enforcement of this Policy is intended.

STUDENTS VOLUNTARILY SEEKING HELP

Students are encouraged to seek help for problems with or related to drug and/or alcohol use. Specific staff members and services are provided for direct assistance or confidential referral for students seeking help with an alcohol, drug or other problem related to their substance use or use by someone in a close relationship with them.

1. The Student Assistance Counselor will provide full disclosure, orally and in writing, of the confidentiality Regulations CFR-42 Part 2.
2. Voluntarily seeking help does not prevent the school staff from charging a student with suspicion of being under the influence at another time.
3. The Student Assistance Counselor will be allowed to maintain confidentiality of conversations with students meeting the following criteria:
 - a. student’s health is not in imminent danger;
 - b. information does not make the staff member an accessory to an illegal action;
 - c. the information does not indicate that the health or safety of the student or individual is threatened.
4. The individual Student Assistance Counselor may continue to work with a student voluntarily seeking help for a reasonable period of time. The Student Assistance Counselor and student will design a plan, which may include time frames, parent/guardian role, and possible treatment assessment referral.

STUDENTS SUSPECTED OF BEING UNDER THE INFLUENCE OF SUBSTANCES

In conformance with NJAC 6:29-6.1-6.5, staff members must immediately report any student exhibiting behavior, or a pattern of behavior, or whose physical condition is consistent with the signs and symptoms of being under the influence of alcohol or other drugs.

1. When a student is suspected of being under the influence of drugs or alcohol, the steps below will be followed:
 - a. Immediate contact with the parent/guardian shall be initiated.
 - b. The parent/guardian shall be directed to take the student for an immediate examination by either the Board of Education’s physician or a physician of their own choosing, which shall then be at the family’s expense.
 - c. A written report of that examination shall be furnished within 24 hours by the examining physician to the parent or guardian of the student and to the Student Assistance Counselor/Substance Awareness Coordinator or the principal’s designee.

- d The student shall receive an immediate medical dismissal for the remainder of the school day and be picked up at school as soon as possible.

Failure to comply with the requirement to complete an immediate physical examination and/or failure to submit a written report of the examination within 24 hours will be considered a positive diagnosis resulting in an immediate suspension.

Reinstatement will occur only upon submission to the Principal evidence that a Chemical Dependency Assessment has been initiated within five (5) school days of the incident.

READMISSION CRITERIA

1. Return to school is prohibited until the student can present:
 - a. The Physician's Assessment form and a Re-entry Note (pending the results of any lab work from the examining physician stating that the student is medically able to return to school.
 - b. Meeting the above criteria, the student will be readmitted without suspension, pending the results of the lab reports.
2. A positive diagnosis will cause the student to be suspended immediately for a duration of not more than 21 days with return prohibited until:
3. Parents/guardians complete a signed Release of Confidential Information from a New Jersey Department of Health approved program.
4. Results of a Chemical Dependency Assessment from a program approved by the Local Committee on Alcoholism and Drug Abuse (LACADA) received within 5 school days.
5. Meeting the criteria may lessen the length of suspension.
6. Students enrolled in an approved outpatient treatment program may continue to attend school only as long as participation can be documented.
7. Parents who fail to comply with the assessing program's recommendation will result in the school's filing a report of alleged child neglect with the Division of Youth and Family Services (DYFS), as well as the option of filing a formal complaint in municipal court.
8. Students not enrolled in a program, or leaving a program against the recommendations of that program, will be placed on Alternative Instruction at the Administration Building.

Second Offense - Being under the influence of alcohol and/or other drugs:

1. Medical confirmation of being under the influence will require the student to complete, at the parent/guardian's expense, a minimum 21-day residential treatment program or, if acceptable to the Intervention and Referral Services Committee, participation in an out-patient alcohol or drug treatment program.
2. Failure to comply with these requirements may result in immediate suspension or expulsion at the recommendation of the Intervention and Referral Services Committee.

Third Offense - Being under the influence of alcohol and/or other drugs:

The Administration, in conjunction with the Pupil Assistance Committee and District Substance Awareness Coordinator, retains the option to recommend expulsion to the Board of Education for any chronic violator of this Policy. Third offenders will automatically be presented to the Board of Education for an expulsion hearing as a danger to him/herself, and to others. If the student is not expelled, an individual program shall be developed for him/her.

Students suspected of, or admitting to the use of steroids will be subject to the same procedures outlined for other alcohol or drug violations, with the following exceptions:

A positive diagnosis requires that the student be referred for follow-up with the building's Intervention and Referral Services Committee, which shall then determine if a referral to an appropriate assessment or treatment facility is warranted.

STUDENTS RETURNING FROM TREATMENT: VOLUNTARY AND POLICY-ORDERED
Students voluntarily (non-school ordered) attending a treatment program causing an extended absence will be readmitted only upon receipt of a written recommendation from the treatment program. The absences will be considered in the same manner as other "chronically ill" students.

POSSESSION OR DISTRIBUTION OF ALCOHOL AND/OR OTHER DRUGS

When a student is found to be in possession of any quantity of illegal substances (drugs or alcohol), on school grounds or at a school activity, a Resource Officer or the City Police Youth Services Bureau, subject to availability, will be called in to investigate.

1. When illegal substances are found, it shall be the responsibility of the Police to complete their normal reporting procedures, and any other legal actions, such as complaints, depending on the quantity of substances.
2. Students found in possession of any quantity of illegal substances (drugs and alcohol), on school grounds or at a school activity will follow the same procedures for suspected of **BEING UNDER THE INFLUENCE OF SUBSTANCES** of the district policy as described above.
3. The Board of Education maintains the right to conduct an expulsion hearing on any student found selling, possessing or distributing illegal substances.
4. Students charged with distribution or intent to distribute drugs, or when a student is neither treatment-appropriate or tests positive on a urine screen, will receive the following additional disciplinary measures:
 - a. Out-of-School Suspension for a minimum of 21 days;
 - b. Appear at an automatic expulsion hearing;
 - c. Failure to comply with established guidelines, or a determination that the student is a risk to the school community, will result in *Alternative Instruction at the Administration Building*.

Upon the second, and any subsequent offenses, or those involving action by the Court due to the quantity of substances involved, an automatic Expulsion Hearing by the Board of Education shall be held.

Students arrested for non-school related drug or alcohol violations shall be permitted to attend school unless it is demonstrated that the student is a danger to him/herself, or to other students in the school. Based on reports from local police, if the school building Principal determines that the student's continued attendance presents a danger to the health and safety of other students in the building, the offending student shall:

1. Be suspended immediately;
2. Have Alternative Instruction ordered immediately;
3. Have written recommendations or a program designed by the Intervention and Referral Services Committee and District Substance Awareness Coordinator.

Return to school will be conditioned upon meeting criteria established by the Intervention and Referral Services Committee and/or building Principal.

The Child Study Team shall not accept referrals of new cases where the cause for evaluation indicates possible use of alcohol or other drugs until the Intervention and Referral Services Committee and/or District Substance Awareness Coordinator have been consulted.

STUDENT WEEKEND USE, OR SUSPECTED USE, OF SUBSTANCES

The school has an obligation to identify and assist students whose drug or alcohol use or other behavior is of concern, regardless of when or where it occurs.

1. Any expression of concern about parties or substance-related incidents involving students will be handled in the following manner:
 - a. Any information deemed reliable will be passed on to the affected parent/guardian;
 - b. The Intervention & Referral Services Committee may call a student in to express concern about "use."
2. A Behavioral Health Assessment of the student may be conducted.

CHILDREN OF ALCOHOLICS AND FROM CHEMICALLY-DEPENDENT FAMILIES

Children who are identified as having parents, guardians or family members with active alcoholism, substance abuse, or chemical dependency, or a history of such difficulties, shall receive support services in the form of individual or group counseling, referral to community services and "self-help" programs available within the school district and community.

Parents or guardians who have been informed of detrimental effects of a family member's chemical use, and who fail to take appropriate action, shall cause a referral to DCP&P to be made.

TOBACCO USE

- A. **Students are not permitted to smoke at any time in school buildings, or anywhere within school boundaries, or on school buses, or when on a school-sponsored trip or during off-site school sponsored activities.**

 2. **Subsequent Offenses**
Out-of-school suspension. The Principal shall file a Municipal Court Complaint pursuant to NJSA 2A:4-23 charging the offender with a violation of that act.

STEROID PREVENTION PROGRAM

As a requirement for participation in interscholastic sports, all parents/guardians are required to give permission for the school physician or medical practitioner of their choosing to perform an examination and possible testing for steroid use.

SEARCH AND SEIZURE

NOTE: "Lockers are school property and, therefore, subject to search by school administration at any time."

1. Searches conducted of students' possessions, lockers or vehicles must be warranted by "reasonable suspicion" in compliance with standards established in U.S., *vs. TLO*.
2. These searches shall include the following guidelines:
 - a. "Reasonable Suspicion" shall mean suspicion based on statements of concern by staff or students, and physical condition and behavior of a suspicious nature, which indicates possible substance use or possession, and/or weapons possession or contraband.
 - b. Searches of a "cursory" nature may be conducted, including a visual inspection and request that students empty pockets, purses and other belongings.

Students refusing to cooperate in "searches" will have their parent/guardian contacted immediately to inform them of the student's refusal to cooperate. This could result in possible police involvement in the incident.

EMERGENCY DRILLS

It is the policy of the Clifton Board of Education not to discriminate on the basis of race, color, creed, religious, sex, ancestry, national origin, or social or economic status in its educational programs or activities and employment policies as required by Title IX of the Educational Amendments of 1972 and N.J.A.C. 6:4-1.1 et seq.

In keeping with Federal and State legislation, the Clifton Board of Education believes that students have a right to learn and work in an environment that is free from sexual harassment and/or discrimination.

It shall be a violation of this policy for any student of the Clifton Public Schools to engage in any form of harassment or discrimination that occurs student to student, staff to student, or student to staff.

Any student who alleges sexual harassment and /or discrimination by any staff member or student in the school district may choose to report alleged acts to a professional staff member and /or the building principal.

Inquiries regarding compliance may be directed to the district's Affirmative Action Officer at The District Administration Building: 973-470-2260.

HOME INSTRUCTION

Home instruction is available for those students who cannot otherwise attend school due to a medically related confinement at his/her residence of record for at least a two-week period of time. Home instruction shall be administered by the Special Services Department under regulations contained in N.J.A.C. 6:28-4.5. In addition, all attempts shall be made to provide home instruction within seven days of receipt of the attending physician's notice of confinement simultaneously seeking the school physician's approval. If the school physician approves, home instruction will continue for the requested confinement time.

PHYSICAL EXAMINATION

The Clifton Board of Education, in compliance with New Jersey Administrative Code, has determined that each student shall present a copy of a physical exam upon entry into the school district. This physical examination must state what, if any, modifications are required for full participation in the school program. This medical examination must be completed at the students' 'medical home'. It is very important that the students receive a physical exam at least once during each developmental stage. The stages are as follows:

- Early childhood: (pre-school through Grade 3)
- Pre-adolescence: (Grades 4-6)
- Adolescence: (Grades 7-12)

7TH GRADE - SCOLIOSIS SCREENING
Scoliosis Screening

In compliance with New Jersey State Law N.J.A.C. 6A:16-2.2(f); N.J.S.A. 18A: 40-4.3 to 4.5 & A-1183 Pamphlet Law 2000c.126, every Board of Education must provide the biennial examination for scoliosis of every student between the ages of 10 and 18.

Students who are in the seventh grade will be screened.

The purpose of this screening is to detect possible spinal problems at its earliest stage so that the need for treatment can be determined.

In conducting the scoliosis screening of the pupils, the trained staff may require the pupils to loosen, open or remove their clothing above the waist in a manner to facilitate inspection and examination. You may be present for this screening and there will be notification of the date of this screening.

If a spinal problem is suspected, parents/guardian of the child will be notified and requested to see their own physician for further evaluation.

If you wish your child not to participate in the screening for scoliosis, you must send a letter to the School Nurse requesting that your child not be screened.

If your child is under the care of a physician for scoliosis, please send a letter to the School Nurse and also submit a report from the physician.

CRUTCH USE IN SCHOOL

Student is permitted to attend school using crutches if:

1. A note from the Healthcare Provider is provided to the School Nurse stating that student has been trained and is capable of going up and down stairs safely with crutches.
2. And when a student has non-weight bearing injury, the statement from Healthcare Provider must include that student may bear weight to use stairs in an emergency evacuation situation or fire drill.

HARASSMENT, INTIMIDATION AND BULLYING

Policy Statement

The Board of Education prohibits acts of harassment, intimidation or bullying of a pupil. A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe and disciplined environment. Since pupils learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

Definition

"Harassment, intimidation or bullying" means any gesture, written, verbal or physical act, or any electronic communication, that takes place on school property, at any school-sponsored function or on a school bus and that:

1. *Is motivated by any actual or perceived characteristic, such as race, color, religion, ancestry, national*

origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or

2. *By any other distinguishing characteristic; and*
3. *A reasonable person should know, under the circumstances, that the act(s) will have the effect of harming a pupil or damaging the pupil's property, or placing a pupil in reasonable fear of harm to his/her person or damage to his/her property; or*
4. *Has the effect of insulting or demeaning any pupil or group of pupils in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school.*

“Electronic communication” means communication transmitted by means of an electronic device, including, but not limited to, a telephone, cellular phone, computer, or pager.

Acts of harassment, intimidation or bullying may also be a pupil exercising power and control over another pupil, in either isolated incidents (e.g., intimidation, harassment) or patterns of harassing or intimidating behavior (e.g., bullying).

This policy may impose consequences for acts of harassment, intimidation, or bullying that occur off school grounds, such as cyber-bullying (e.g., the use of electronic or wireless devices to harass, intimidate, or bully), to the extent this Policy complies with the provisions of N.J.A.C.6A:16-7.6, Conduct Away from School Grounds, and the district's code of pupil conduct, pursuant to N.J.A.C.6A:16-7.1. In all instances of harassment, intimidation or bullying behavior occurring off school grounds, the consequences only may be exercised when it is reasonably necessary for the pupil's physical or emotional safety and well-being or for reasons relating to the safety and well-being of other pupils, staff or school grounds, pursuant to N.J.S.A. 18A:25-2 and 18A:37-2, and when the conduct which is the subject of a proposed consequence materially and substantially interferes with the requirements of appropriate discipline in the operation of the school. All acts of harassment, intimidation, or bullying that include the use of school property (e.g., school computers, other electronic or wireless communication devices) apply to the provisions of N.J.S.A. 18A:37-15 and N.J.A.C. 6A:16-7.9, harassment, intimidation, and bullying, whether the subject or recipient of the bullying is on or off school property.

Expected Behavior

The Board expects pupils to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other pupils and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment consistent with the code of pupil conduct.

The Board believes that standards for pupil behavior must be set cooperatively through interaction among the pupils, parent(s) or legal guardian(s), staff and community members, producing an atmosphere that encourages pupils to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of pupils, staff and community members.

The Board believes the best discipline is self-imposed, and it is the responsibility of school district staff to use instance of violations of the code of pupil conduct as opportunities to help pupils learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with pupils shall apply the best practices designed to prevent pupil conduct problems and foster pupils' abilities to grow in self-discipline.

General guidelines for pupil conduct will be developed by the Superintendent or Chief School Administrator, in conjunction with school staff, and approved by the Board. These guidelines will be developed based on accepted core ethical values from broad community involvement with input from parent(s) or legal guardian(s) and other community

representatives, school employees, volunteers, pupils and administrators. These guidelines for pupil conduct will be suited to the developmental ages of pupils, the severity of the offenses and pupils' histories of inappropriate behaviors and the mission and physical facilities of the individual school(s) in the district. This Policy requires all pupils in the district to adhere to these rules and guidelines and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules and guidelines.

The district prohibits active and passive support for acts of harassment, intimidation or bullying. Pupils are encouraged to support other pupils who walk away from these acts when they see them, constructively attempt to stop them, and report these acts to the Building Principal or designee.

Pupils are required to conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authority; and respond to school district teaching, support and administrative staff. Each Building Principal will develop and provide a school-based program for appropriate recognition for positive reinforcement for good conduct, self-discipline, good citizenship and academic success.

Consequences and Appropriate Remedial Actions

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for pupils and staff members who commit one or more acts of harassment, intimidation, or bullying, consistent with the code of pupil conduct.

While submission of an Incident Report Form to the Principal or designee is not required, the reporting party is encouraged to use the Incident Report Form available from the Building Principal or available at the school district's administrative offices or the reporting party may use a district's web-based reporting system. Oral reports shall also be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

Some acts of harassment, intimidation or bullying may be isolated incidents requiring the school responds appropriately to the individual(s) committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation or bullying that require a response either at the classroom, school building or school district level or by law enforcement officials.

Consequences and appropriate remedial actions for pupils who commit an act of harassment, intimidation or bullying may range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37-1, Discipline of Pupils and as set forth in N.J.A.C. 6A:16-7.2, Short-term Suspensions, N.J.A.C. 6A:16-7.3, Long-term Suspensions and N.J.A.C. 6A:16-7.5, expulsions.

In considering whether a response beyond the individual level is appropriate, the administrator shall consider the nature and circumstances of the act, the degree of harm, the nature and severity of the behavior, past incidences, or past or continuing patterns of behavior, and the context in which the alleged incident(s) occurred. The school district's responses can range from school and community surveys, to mailings, to focus groups, to adoption of research-based bullying prevention program models, to training for certificated and non-certificated staff. The district's responses may also include participation of parent(s) or legal guardian(s) and other community members and organizations, small or large group presentations for fully addressing the actions and the school district's response to the actions, in the context of acceptable pupil and staff member behavior and the consequences of such actions and the involvement of law enforcement officers, including school resource officers. Policy Publication

This policy will be disseminated annually to all school staff, pupils, parent(s) or legal guardian(s), along with a statement explaining the policy applies to all applicable acts of harassment, intimidation or bullying that occur on school property, at school-sponsored functions or on a school bus. The Superintendent shall ensure notice of this Policy appears in any publication of the school district that sets forth the comprehensive rules, procedures, and standards for schools within the district, and in any pupil handbook that includes the pupil code of conduct. This notice shall also indicate the district's Harassment, Intimidation, and Bullying Policy is available on the district's website.

MIDDLE SCHOOL RESEARCH CITATIONS

The MLA citation system of "footnotes" and "endnotes" are greatly simplified. Instead of supplying a superscripted number for each citation and then listing each of these at the foot of the page or at the end of the essay, in the MLA system each reference in the text is followed by a parenthesis identifying the source and the page number.

- If the author of the excerpt is clear from the context or if his name is specifically mentioned you need only supply the page number at the end of the excerpt: thus (297).
- If the source is not made clear by context, then you must cite the author's last name and page number: thus (Eagleton 297)
- If you refer to two or more works by the same author, and the context does not specify the source of the excerpt, you must include the author's last name, an abbreviated title, and a page number: thus (Eagleton, Crazy John, 297)

WORKS CITED

Every work mentioned or paraphrased in the body of research must appear in the "Works Cited" at the end of the paper. Entries should be organized in alphabetical order by the author's last name (for a book written or edited by

more than one person, you should use the last name of the first person listed on the title page.) If an author is not listed for an article or essay, the first letter of the first major word in the title dictates its position in your "Works Cited."

PUPIL SUPERVISION AFTER SCHOOL DISMISSAL

The Board of Education adopts this Pupil Supervision After School Dismissal Policy as a result of the New Jersey Supreme Court's decision in Joseph Jerkins, an infant by his Guardian Ad Litem, Charles Jerkins; Charles Jerkins and Toni Jerkins, individually, v. Soweto Anderson; Kemba N. Anderson; John Does 1-10 (fictitious individuals) and ABC Corporations 1-10 (fictitious entities), and Board of Education of Pleasantville Public Schools and Rosemay Clarke.

The New Jersey Supreme Court, in Jerkins, indicated dangers exist for younger pupils at dismissal as children are susceptible to numerous risks, including negligent conduct, when leaving school property. Because of these risks, the Board of Education adopts and requires the implementation of Policy 8601 for the supervision of younger pupils after dismissal. The supervision provisions of Policy Guide 8601 are applicable to parents or legal guardians of pupils attending district-operated schools or programs in grades Pre-K to 8 who are not eligible for district-provided transportation after dismissal or are eligible and elect not to use district-provided transportation after dismissal.

Any parent(s) or legal guardian(s) of a pupil attending a district-operated school or program in grades Pre K to 8, where the pupil is not eligible for district-provided transportation or is eligible and elects not to use district-provided transportation after dismissal may request the school or program not to release the pupil to walk home after dismissal unless the pupil is released to the parent(s) or legal guardian(s) or escort(s) designated by the parent(s) or legal guardian(s). The parent(s) or legal guardian(s) requesting their child(ren) only be released to a parent(s) or legal guardian(s) or parent(s) or legal guardian(s)-designated escort after dismissal must submit a completed Request for Supervision at Dismissal from School Form to the Principal or designee, or program administrator.

The form shall be made available on the school or school district website to parent(s) or legal

guardian(s) in the beginning of the school year.

Only those parents or legal guardians requesting the school or program not release their child(ren) to walk home after school dismissal unless the child(ren) is released to the parent(s) or legal guardian(s) or designated escort need to complete the request form.

In order for the school administration to effectively implement the requirements of the policy and to ensure the safety and security of pupils that will be released to a parent(s) or legal guardian(s) or designated escort, the parental request shall be applicable for every school day and shall apply for a duration period of the entire school year. The request form must be re-submitted at the end of the duration period. In addition a parent(s) or legal guardian(s) may rescind their request by submitting a written request to the principal or program administrator indicating the date in which the parent(s) or legal guardian(s) no longer requests the school provide supervision of their child(ren) after school dismissal. The child(ren) will be dismissed in accordance with typical dismissal protocol effective the date indicated in the rescinding request.

The Principal or designee, or program administrator upon receiving the Request for Supervision at Dismissal from School Form, shall notify the appropriate school staff member(s) who has supervision of the pupil at dismissal time at the end of the school day of the parent's or legal guardian's request. The supervising staff member that receives such notice shall retain supervision of the pupil when other pupils are dismissed from school at the end of the school day.

Each principal or program administrator will develop and implement a written Pupil Supervision After School Dismissal Plan for their school building or program location. This plan shall include the school building's or program's supervision procedures for pupils at the end of the school day to the designated area in the school building or program and the location of the designated area in the school building or program. The plan shall be based on the school's or program's ability to provide supervision, the accessibility for the parent(s) or legal guardian(s) or designated escort to pick-up the child without disrupting dismissal of the remaining school population, and other considerations unique to the school building or program location. The school's or program's Pupil Supervision After School Dismissal Plan shall be provided to all parent(s) or legal guardian(s) that have submitted a request form.

In the event the parent(s) or legal guardian(s) or designated escort does not arrive to pick up their child(ren) after the dismissal time of school, the principal or designee will attempt to contact the parent(s) or legal guardian(s) using the district's emergency call procedures.

For school districts that do not have after-school programs or elect not to use the after-school program for the supervision of children who are not permitted to walk home alone unless escorted by a parent(s) or legal guardian(s) or designated escort, the pupil(s) shall be supervised by school staff in the designated area of the building and will only be released when the parent(s) or legal guardian(s) or designated escort arrives to pick up the pupil **and signs the pupil out of school.**

In order to ensure the safety of other pupils being dismissed from school in accordance with typical school dismissal protocol, to limit interaction of parent(s) or legal guardian(s) or designated escorts with other pupils within the building, and to avoid traffic and vehicular safety problems outside the school building, the principal or program administrator may prohibit the parent(s) or legal guardian(s) or designated escort from entering the school building until a time period after school has dismissed or until school buses and other vehicular traffic have cleared the school site. This determination shall be made by each principal or program administrator after considering the unique circumstances at the school building and the building's typical dismissal protocol.

In the event of an emergency such that, when an unforeseen event prevents a parent or legal guardian or designated escort from arriving for the child(ren) at dismissal within the time period designated by the principal or program administrator, the pupil will be relocated to the main office in the school building and will remain in the main office supervised by the main office staff until the parent(s) or legal guardian(s) or designated escort arrives **and signs the pupil out of school.**

The school will provide parent(s) or legal guardian(s) information regarding any supervised

after-school services, if any, that may be available to pupils at the school's facilities after formal school dismissal. Pupils that are not picked up within 45 minutes of dismissal time will be placed in the After School Program (if one exists) at the expense of the parent.

This policy shall be published in pupil/school handbooks. In addition, the school district shall provide to parent(s) or legal guardian(s) in the beginning of the school year, the school's calendar to include the starting and dismissal times for full session, half-session, and early dismissal days due to weather or other emergencies. Parent(s) or legal guardian(s) shall be required to return to the school a signed acknowledgement of receipt of the pupil/school handbook, which shall include this policy and the school calendar. In addition, any changes to the school's calendar made during the school year shall also be provided to parent(s) or legal guardian(s). Adopted: December 10, 2008

ACCEPTABLE USE OF COMPUTER NETWORK/COMPUTERS AND RESOURCES

The Board of Education recognizes that as telecommunications and other technologies shift the manner in which information is accessed, communicated and transferred that those changes will alter the nature of teaching and learning. Access to telecommunications will allow pupils to explore databases, libraries, Internet sites, bulletin boards, etc. while exchanging information with individuals throughout the world. The Board supports access by pupils to information sources but reserves the right to limit in school use to materials appropriate to educational purposes.

The Board also recognizes that telecommunications will allow pupils access to information sources that have not been pre-screened by educators using Board-approved standards. Positive Behavior Support in Schools **The Basis for Respect + Responsibility = CHAMPS**

Positive Behavior Support in Schools is a New Jersey initiative that trains school personnel to implement School-wide Positive Behavior Support, a nationally recognized multi-tiered intervention framework. Members of our school personnel participated in different trainings to learn how to implement School-wide Positive Behavior Support at our school. At CCMS we call this *Respect + Responsibility = **CHAMPS***.

Research suggests that schools with a positive social climate are associated with fewer occurrences of conduct problems and better student performance outcomes (e.g., achievement and attendance). Affirming positive behavior, teaching social skills, involving students at all levels of the school, equipping teachers with the skills to meet the needs of diverse learners, coordinating programs, and using multi-setting interventions are all examples of recommended practices for promoting a positive school climate. While a positive school climate benefits all students, students with individualized behavior support planning needs particularly benefit when school environments are positive, welcoming, and supportive of individual needs.

School-wide Positive Behavior Support is a nationally recognized, evidence-based approach to building a positive school climate that builds a continuum of supports for students to promote positive social behaviors. The three tiered school-wide positive behavior support intervention model includes:

- *Tier 1: Universal Interventions* that promote a positive school climate by teaching and reinforcing a consistent set of behavioral expectations for all students, staff, and settings school-wide;
- *Tier 2: Secondary Interventions* that provide function-based interventions through small group and individually tailored strategies for students with repeated behavior problems; and
- *Tier 3: Individualized Interventions* that use a function-based problem solving process to conduct assessment and design individualized support plans for students with disabilities who have the most intensive needs.

School-wide Positive Behavior Support is being implemented in more than 18,000 schools across the United States. When implemented with fidelity, multi-tiered intervention framework can help schools achieve important outcomes:

1. Increase in instructional time
2. Decreases in referrals to the office for all students and students with IEPs
3. Decreases in out of school suspensions for all students and students with IEPs

4. Increase in the use of function-based planning to support students engaging in repeated behavior problems
5. Increases in staff's consistent use of expectation language and conduct referral procedures

Academic Honesty

A classroom is a place where all students have the right to an education, the right to feel comfortable and the right to be treated with respect. Academic honesty is extremely important to maintaining a fair and open educational environment that preserves the dignity of all students. Each student is responsible for keeping this environment intact.

We expect our middle school students to do their own homework, test without using unauthorized help and submit original work for all assignments. We expect students will not cheat. Students are to deny all requests to copy class work, homework and tests.

Academic dishonesty is prohibited and will engender consequences. Examples of academic dishonesty include but are not limited to:

- Turning in any work, or part thereof, that is not the student's own work
- Using electronic devices to cheat, including but not limited to looking up, photographing, recording and/or texting information
- Copying another student's work or class assignment
- Allowing another student to copy your work or assignment
- Putting your name on another student's work or assignment
- Using a "cheat sheet" or any unauthorized piece of writing on a quiz or test
- Giving another student help on an individual quiz or test
- Using any material from the internet without proper citation and appropriate credit

The classroom teacher is responsible for determining if academic dishonesty has occurred.
