GRADES 6-12 TALENTED AND GIFTED

PURPOSE STATEMENT/PROGRAM DESCRIPTION

Based on the philosophy that each student in Clifton must have the opportunity to develop fullest potential and cognizant of the uniqueness of gifted and talented students, the TAG Program is committed to identifying these students. Gifted and talented students are those children who display outstanding intellectual ability, academic aptitude, creative thinking leadership or exceptional talents in the visual and performing arts by use of multiple criteria. Approximately 3-5% of the general population is gifted in each of these areas. Taken in combination, approximately 10% of the general population is gifted in any one or more areas (Gallagher, 1975).

It is the goal of the Clifton Public Schools to provide an enriched and stimulating intellectual environment to promote the realization of the full potential of all 6-12 students. The goal of the Gifted and Talented Program and Services is to identify students with special abilities and/or talents and provide programs and services which enable every student to realize their full potential.

In Grades 6-8, the programs and services are differentiated and infused within the classroom. In addition, classes in mathematics, such as math Connections I, II and III and Algebra I-Grade 8 are designed to address those children who demonstrate exceptional academic aptitude in the content area.

In Grades 9-12, the programs and services address the academic needs of students who display outstanding intellectual ability, academic aptitudes, creative thinking, leadership or exceptional talents in extra-curricular areas. These students are strongly encouraged to take advanced placement courses and sit for the advanced placement exams.

DISTRICT PHILOSOPHY

The Clifton Board of Education firmly believes that it is the inherent right of every child enrolled in the public schools to receive a sound education rooted in equal opportunity and delivered in an environment that ensures physical and mental security. In today's pluralistic technological society, our first and foremost task is to instruct students in the democratic principles found within the ethical framework of the Constitutions of the United States and the State of New Jersey.

The Clifton Board of Education recognizes the importance of promoting early literacy as a foundation for academic success. Through its instructional program and co- and extra-curricular experiences, students will become independent thinkers, good decision makers, and self-supporting, productive citizens.

The Clifton Board of Education promulgates the following goals:

1. To provide students with the skills essential to obtaining information, thinking critically, solving problems, and communicating effectively.
2. To create an atmosphere that encourages students to obtain knowledge and to develop the life skills necessary to enter the work force and/or pursue higher education.
3. To furnish students with knowledge of current and changing technologies across the curriculum.
4. To encourage the school community to become responsible contributors to the decision making process.
5. To develop an appreciation for the creative process through problem-solving and technology.
6. To foster understanding, sensitivity, and respect regarding all cultures.
7. To impart knowledge, practices, and perspectives that promotes personal and global health and safety.
8. To nurture an appreciation for the fine, applied, and performing arts.
9. To encourage students to become knowledgeable consumers of electronic information able to discern quality resources.

To attain these goals, the Clifton Board of Education shall provide meaningful instruction, and environment conducive to learning, an opportunity for community input, and a professional staff of the highest quality.

GRADES 6-12 TALENTED AND GIFTED

OVERALL PROGRAM OBJECTIVES

- I. To identify students who excel or have the potential to excel in one or more of the areas of academic aptitude, creative or productive thinking, fine or performing arts and/or leadership by use of multiple criteria.
- II. To provide students with a variety of opportunities and/or a qualitatively different curriculum which will sustain the student's level of interest and/or achievement.
- III. To engage in concepts enrichment while developing and improving complex, cognitive skills.
- IV. To improve the expression of creative thinking abilities.
- V. To develop self-directed learning skills and the likelihood of academic success and personal satisfaction.
- VI. To interact with one another and participate in activities designed to promote self-awareness and acceptance, interpersonal relationships and realistic recognition of abilities.

GRADES 6-12 TALENTED AND GIFTED

SELECTION OF STUDENTS

The identification process for entrance into the TAG program for the Grade 6-12 students is as follows:

IDENTIFICATION PROCESS FOR GRADES 6-8

Grade 6 – Grade 8 students are identified using the following multiple measures:

- NJ-ASK scores 250-300 (two years of scores reviewed)
- Staff member recommendation using the modified Renzulli Student Rating Scale based on content knowledge, maturity, organizational skills and critical thinking.
- The three scores will be weighted and ranked from highest to lowest, forming the list of potential candidates.
- Special area teachers, such as art, music, and physical education, shall identify students and provide enrichment opportunities
- Performance Matters Mid-term/End of year/Benchmark scores, STAR reading level, writing samples, and GPA.

IDENTIFICATION PROCESS FOR GRADES 9-12

Grade 9 – Grade 12 students are identified using the following multiple measures:

- For Grade 9 students, advanced proficient scores on the Grade Eight Proficiency Assessment of NJ-ASK scores of 250-300.
- Successful participating in a middle school program for the talented and gifted
- Staff member recommendation using the modified Renzulli Student Rating Scale based on content knowledge, maturity, organizational skills and critical thinking.
- Evaluation of, Performance Matters Mid-term/End of year/Benchmark scores, STAR reading level, writing samples, and GPA, anecdotal records for evidence of motivation, interest in learning and academic aptitude
- The guidance counselors shall be encouraged to determine which students whose native language is not English can be included in the program

GRADES 6-12 TALENTED AND GIFTED

PARENTAL APPEALS

An appeal procedure may be initiated through the building principal by the parent or guardian of any child who was not selected for participation in the TAG program. The parent may obtain a Parental Appeal Form from their school office. This form allows parents to bring to the attention of the TAG Committee any additional information relevant to the child's qualifications for the program. The completed form should be submitted to the building principal who will then discuss the issue with the applicable staff members. The completed appeal form must be submitted by October 15th. Students that move into the district will be reviewed any time of the year.

Appeal Process Form Grades 6-12

The Appeal Process Form (see pages &) is used by either a parent or a teacher to recommend a student who did not meet the TAG program criteria.

- a. Parent or teacher obtains form from home school building principal.
- b. Reason for appeal is filled out by initiator.
- c. Form is returned to the school principal to complete test data section. Completed form is returned to TAG Program Coordinator.
- d. All appeals to be reviewed by TAG Program committee at meeting scheduled after the deadline.
- e. Written notification of acceptance or rejection mailed to parents.

EXIT PROCEDURES

Exit procedures are initiated by the teacher of the gifted as a result of his/her observations of the student, or upon the recommendation of the student's regular classroom teacher. The teacher of the gifted, the classroom teacher, and the principal will confer to consider the recommendation and, if necessary, to seek and review additional information from other staff members and/or the student's parents or guardians.

Parents will be informed if their child's placement in the program is being reconsidered and will have the opportunity to discuss the student's circumstances and status. A decision will be made whether the child will remain in the program or be discontinued from program participation.

Some indicators that program discontinuation may be desirable for an individual child include, but are not limited to the following:

- Inability to meet the requirements of the regular instructional program
- Reluctance to participate in program activities
- Inability to function constructively
- Inability or reluctance to meet the requirements of the TAG Program
- Expressed desire on the part of the student to discontinue his/her involvement in the program

STATEMENT OF ATTENDANCE POLICY

Student attendance requirement is consistent with Board of Education Policy.

CURRICULUM ADDENDA FOR SPECIAL EDUCATION

This curriculum can be both grade and age appropriate for special education students and is in line with the district's written philosophy of special education concerning Programs for Educationally Disabled Students. Based on the Child Study Team evaluation and consultation with the parent and classroom teacher, an individualized education plan may include modifications to content, instructional procedures, student expectations, and targeted achievement outcomes of this curriculum document in accordance with the identified individual needs of an eligible student. This educational plan will then become a supplemental guide that the classroom teacher, parent, and Child Study Team will use to measure the individual student's performance and achievement.

CURRICULUM ADDENDA FOR ENGLISH LANGUAGE LEARNERS

This curriculum guide is appropriate and is implemented for all students according to age and grade, and is in line with the district's written philosophy of English language acquisition concerning Bilingual Instruction and English as a Second Language Programs. In accordance with the New Jersey Administrative Code 6A:15, the contents herein provide equitable instructional opportunities for English Language Learners to meet the Core Curriculum Content Standards and to participate in all academic and non-academic courses. Students enrolled in a Bilingual and/or an ESL program may, in consultation with the classroom teacher and Bilingual and/or ESL teacher, receive modifications to content, instructional procedures, student expectations and targeted achievement outcomes of this curriculum document in accordance with the individual student's developmental and linguistic needs.

**GRADES 6-12 TALENTED AND GIFTED
MODIFICATIONS/SUPPLEMENTARY AIDS IN REGULAR EDUCATION FOR SPECIAL
EDUCATION STUDENTS**

To the maximum extent appropriate, an educationally disabled pupil shall be educated with children who are not educationally disabled. In developing the basic plan of the individual education program, the Child Study Team, Regular Education teacher, Special Education teacher, and parent/guardian shall determine the appropriateness of regular education program options with support, such as curricular or instructional modifications.

The following list contains only some of the curricular modification and instructional techniques available for implementation of the TAG program for educationally disabled pupils.

- Read tests orally, record student response; allow test retakes
- Reduce the amount of written work or class work by one half
- Grade student on what is handed in, do not penalize for incomplete assignment / homework /spelling
- Allow student to finish tests and quizzes during school, or in the Resource Center; allow additional time for tests
- Do not require student to make up work when absent
- Provide preferential seating, study carrels
- Keep desk free from extraneous materials
- Provide adequate space for movement
- Extend time for processing information
- Cue student to stay on task
- Establish an individual daily schedule
- Break work into shorter segments
- Rewrite tests / consider spacing and crowding
- Test for content and knowledge in subject areas
- Grading modifications based on individual goals
- Verbal cues and prompts
- Proximity control
- Logical consequences / natural reinforcers / immediate feedback
- Augmentative communication systems (i.e., Alpha Talker)
- Books on tape / study guides
- Differentiated activities / assignments
- Homework Clubs, homework assignment pads
- Vary test formats, short answers, matching, essay
- Alternative response modes: points, writes, circles
- Curriculum-based assessment
- Peer tutoring: Individual and Class wide models
- Cooperative learning groups
- Advance organizers / outlines / study guides / mapping guides
- Note-taking assistance / note-taking strategies
- Rephrasing/redirecting / preview strategies / mnemonic devices
- Computer assisted instruction
- Assistive technology devices
- Math: calculator, tables, number lines, manipulatives
- Vary input: lecture, demonstration, simulations
- Vary output: oral, written games, role plays
- Vary questioning techniques
- Parallel activities or curriculum
- Modifications/Supplementary Aids In Regular Education For Special Education
- Provide summary of reading assignment: written / taped
- Use checklist or review / study procedures
- Behavioral contingency contracts / planned ignoring
- Time out / time away
- Rules and routines clear and consistent

ENGLISH LANGUAGE LEARNERS
GENERAL MODIFICATIONS FOR INSTRUCTIONAL ACTIVITIES**

In order to ensure that English Language Learners are fully integrated into classroom life and can participate in all mainstream content areas, certain modifications and differentiated criteria shall be implemented. The following modifications can be utilized to suit the needs of English Language Learners in the mainstream classes outlined in this curriculum guide. After consultation with an ESL/Bilingual teacher and identification of student's proficiency level, the mainstream content area teacher can choose the appropriate strategies. Teachers should:

Beginning ESL Students

- Allow students to illustrate answers or vocabulary words
- Allow students to translate vocabulary into native language and use native language dictionaries
- Speak slowly and clearly
- Use gestures, facial expressions, and visuals
- Ask yes/no questions
- Model: use concrete demonstration of abstract concepts
- Use manipulatives, props, pictures, and concrete objectives as much as possible
- Assign a native language partner/peer tutor
- Use study guides/outline chapters
- Monitor use of notebooks
- Differentiated grading and requirements

Beginning and Intermediate ESL students

- Simplify language/avoid idioms
- Use cooperative learning groups/set up peer tutoring pairs to encourage participation
- Use videos to reinforce content
- Tape record lessons and text readings
- Incorporate appropriate student software into planning and assignments
- Highlight key words and concepts
- Reduce the number of items for tests, class work, and homework
- Allow for repetition of material in various modes, (oral, written, visual, song)
- Allow verbal response in place of written
- Use manipulatives and hands-on activities
- Use graphic organizers, Venn diagrams and outlines to visually present information
- Encourage students to organize information through the use of such organizers
- Build background knowledge prior to lessons, students may not be aware of culturally specific events or objects
- Provide multiple choice options for open ended questions
- Use student as a resource whenever possible
- Differentiated grading and requirements

Advanced ESL students and recently exited ESL students (see above as needed)

- Score writing holistically (focus on the content of ideas rather than grammar)
- Use cooperative learning groups/set up peer tutoring pairs

English Language Learners General Modifications For Instructional Activities

- Highlight key words
- Encourage participation by fostering a supportive class climate and allowing for mistakes
- Use graphic organizers
- Modify and support writing assignments and assessments
- Build background knowledge through class discussions especially if material is culturally specific to the United States
- Use student as a resource whenever possible/highlight student successes

GRADES 6-12 TALENTED AND GIFTED

DEPARTMENTAL GOALS

- I. DEVELOP SKILLS TO ENTER A SPECIFIC FIELD OF WORK
 - A. To acquire skills in obtaining information, solving problems, thinking critically, and communicating effectively
 - B. To develop and awareness of opportunities and requirements related to a specific field of work
- II. DEVELOP A DESIRE FOR LEARNING NOW AND IN THE FUTURE
 - A. To learn to enjoy the process of learning and to acquire the scientific skills and methods necessary for a lifetime of continuous learning and adaptation to change
 - B. To develop a positive attitude toward continuing independent learning
 - C. To instill habits of critical thinking and scientific methods and their application
- III. DEVELOP GOOD CHARACTER AND SELF-RESPECT
 - A. To develop the understanding of honesty, ethical principles, and values and apply them in their daily lives
 - B. To develop moral responsibility and a sound ethical moral behavior
 - C. To develop the capacity to discipline oneself to work, study, and utilize time most constructively
 - D. To develop intellectual honesty, scientific integrity, and willingness to compromise with trust as known
 - E. To develop standards of personal character and ideals
- IV. DEVELOP PRIDE IN WORK AND A FEELING OF SELF-WORTH
 - A. To develop an understanding of one's own worth, abilities, potentialities limitations and pride in achievements and progress
 - B. To develop self-understanding and self-awareness
 - C. To develop a feeling of positive self-worth, security, and self-assurance
- V. GAIN A GENERAL EDUCATION
 - A. To acquire information concerning the principles of the physical, biological, and social sciences, the historical record of human achievements and failures, and current social issues
 - B. To develop background skills in the use of numbers, natural sciences, mathematics and social sciences
 - C. To develop special interests and abilities

**Department Goals – Grades 6-12 Talented and Gifted
Continued**

VI. LEARN TO BE A GOOD MANAGER OF RESOURCES

- A. To acquire the skills in management of natural and human resources that permits students to play a satisfying and responsible role as a producer and consumer in their environment
- B. To become an effective and responsible contributor to the decision making processes of political and other institutions of the community, state, country, and world

VII. LEARN HOW TO EXAMINE AND USE INFORMATION

- A. To develop skills of thinking and proceeding logically
- B. To develop reasoning abilities
- C. To develop the ability to examine constructively and creatively
- D. To develop the ability to use scientific methods

VIII. LEARN ABOUT AND TRY TO UNDERSTAND CHANGES THAT TAKE PLACE IN THE WORLD

- A. To achieve a critical attitude of awareness, interest, and understanding of the environment and a desire to know more about it
- B. To create a pattern of reasoning education that will enable people to function better in the world in which they live
- C. To gain an understanding of forces, phenomena, processes, materials, and living things that interact to produce the world in which we live

IX. DEVELOP SKILLS IN READING, WRITING, SPEAKING, AND LISTENING

- A. To develop effective methods of communication to gain the ability to think clearly and to express ideas orally and in writing, with clarity and logic.
- B. To develop the ability to read with understanding and satisfaction.
- C. To perform fundamental operations with reasonable accuracy such as interpretation of maps, graphs, charts, tables, and measurement.

X. PRACTICE AND UNDERSTAND THE IDEAS OF HEALTH AND SAFETY

- A. To acquire the knowledge, habits, and attitudes that promote personal and public health both physical and mental
- C. To acquire information useful in solving the problems of everyday living
- D. To make practical use of information gained in the classroom which may aid students in their everyday lives

GRADES 6-12 TALENTED AND GIFTED

STUDENT OUTCOMES

The student shall be able to demonstrate the following knowledge, skills, behavior, and attitudes:

I. CRITICAL THINKING ABILITY

- A. Inductive thinking skills
 - 1. Determining cause and effect
 - 2. Analyzing open ended problems
 - 3. Reasoning by analogy
 - 4. Making inferences
 - 5. Determining relevant information
 - 6. Recognizing information
 - 7. Solving insight problems
- B. Deductive thinking skills
 - 1. Using logic
 - 2. Spotting contradictory statements
 - 3. Analyzing syllogisms
 - 4. Solving spatial problems
- C. Evaluative thinking skills
 - 1. Distinguishing between facts and opinion
 - 2. Judging credibility of a source
 - 3. Observing and judging observation reports
 - 4. Identifying central issues and problems
 - 5. Recognizing underlying assumptions
 - 6. Detecting bias, stereotypes, clichés
 - 7. Recognizing loaded language
 - 8. Evaluating hypotheses
 - 9. Classifying data
 - 10. Predicting consequences
 - 11. Demonstrating sequential synthesis of information
 - 12. Planning alternative strategies
 - 13. Recognizing inconsistencies in information
 - 14. Identifying stated and unstated reasons
 - 15. Comparing similarities and differences
 - 16. Evaluating arguments

II. CREATIVE THINKING ABILITY

- A. Attribute listing
 - 1. Awareness of characteristics
- B. Fluency
 - 1. Generating multiple ideas
- C. Flexibility
 - 1. Generating different ideas

Student Outcomes – Grades 6-12 Talented and Gifted Continued

- D. Originality
 - 1. Generating unique ideas
- E. Elaboration
 - 1. Generating detailed ideas
- F. Synthesizing information
 - 1. Combine parts into a whole

III. PROBLEM SOLVING ABILITY

- A. Identifying general problem
- B. Clarifying problem
- C. Formulating hypothesis
- D. Formulating appropriate questions
- E. Generating related ideas
- F. Formulating alternative solutions
- G. Choosing best solution
- H. Applying the solution
- H. Monitoring the acceptance of the solution
- I. Drawing conclusions

IV. METACOGNITIVE SKILLS

- A. Knowledge and control of oneself
 - 1. Attitudes
 - 2. Learning from failure and belief in oneself
 - 3. Attention
 - 4. The knowledge that different tasks require different attention levels, the ability to control own attention, and the use of selective attention skills
 - 5. Commitment
 - 6. The ability to stay with a task even when it is difficult
- B. Knowledge and control of process
 - 1. Planning
 - 2. The deliberate selection of a strategy or plan of action prior to an activity
 - 3. Application
 - 4. The application of the selected strategy
 - 5. Regulating and Monitoring
 - 6. Checking progress toward intended goal, the ability to change or adapt strategy as necessary
 - 7. Evaluation
 - 8. Determining success or failure of a strategy and assessing current knowledge state

GRADES 6-12 TALENTED AND GIFTED

COURSE OBJECTIVES

The program will enhance the student's ability to:

- A. Master skills/content of the core curriculum;
- B. Demonstrate higher level thinking skills; and
- C. Apply skills in the acquisition and production of new knowledge.

ACTIVITIES

GENERAL EXPLORATORY ACTIVITIES:

Exploratory activities are designed to expand students' knowledge and awareness of topics not ordinarily covered in the regular classroom. Field trips, presentations, and resource centers are geared towards student interests. The program and extra-curricular activities are designed to pique curiosity and interest in further research and investigation.

GROUP TRAINING ACTIVITIES:

Classroom methods, materials, instructional techniques are employed to enhance the development of the thinking and feeling processes in areas such as social and scientific problem solving, decision-making, critical and creative thinking, and philosophy and logic.

INDIVIDUAL AND SMALL GROUP INVESTIGATIONS OF REAL PROBLEMS:

Research activities are employed which require students to plan independent investigations apply research skills, and share the results of the research with the appropriate audience.

AFFIRMATIVE ACTION STATEMENT

The curriculum offerings of the TAG Program are open to enrollment of all students. Programs have been specifically designed to meet the needs of the student population and do not discriminate on the basis of sex, race, or disability.

Instructional materials selected for use have been carefully reviewed to determine minority exclusion, role stereotyping and linguistic bias. Textbooks, supplementary materials and films used, incorporate a balanced presentation of races, females and males in illustrations, themes and activities. Career exploration emphasizes the choice of career and lifetime vocational development attitudes for male and female students. Traditional biases: sexism, racism, ageism and disability bias in the work place are examined and analyzed.

The TAG Program is committed to fostering equity, the recognition and acquiescence of affirmative action principles, and to exemplifying its commitment to the school community.

AFFIRMATIVE ACTION ACTIVITIES

1. Students research non-traditional careers, giving an oral or written presentation of their findings.
2. Students research the personal and professional lives of women who have made contributions to society, giving an oral or written presentation of their findings.
3. Students research the personal/professional lives of minorities giving an oral or written presentation of their findings.
4. Bulletin board displays depicting the various accomplishments of women, minorities, and Caucasian males in equal proportions.
5. In creative thinking activities in class, where the students must come up with an answer to a problem posed, divide the students into groups equally, making groups of varied ethnic and racial backgrounds and sex.
6. Questioning techniques should use all six levels of Blooms' Taxonomy, asked equally among all students regardless of racial or ethnic backgrounds and sex.
7. Task division should be made equally among all students.

Affirmative Action Activities – Grades 6-12 Talented and Gifted Continued

8. Group students according to conflicting observed student biases, to promote understanding (where appropriate, teacher should use discretion).
9. Group students into according to conflicting personality traits to promote tolerance where appropriate (teacher should use discretion).
10. Discuss with student the importance of accepting the differences in others. Create visual displays as culminating activities.
11. Assign student tasks without using stereotypical activities (i.e. let males get supplies while females review instructions and/or directions).
12. Define friendship and discuss ways to remove bias barriers that exist among people.

- C. Compare/contrast
- E. Didactic questioning

II. INDIRECT INSTRUCTION

- A. Reflective discussion
- B. Problem solving
- C. Guided inquiry
- D. Concept formation

III. INTERACTIVE INSTRUCTION

- A. Cooperative learning
- B. Circle of knowledge
- C. Interviewing
- D. Peer practice

IV. INDEPENDENT STUDY

- A. Reports
- B. Research projects
- C. Learning centers
- D. Computer assisted instruction

V. EXPERIENTIAL LEARNING

- A. Conducting experiments
- B. Field trips
- C. Games
- D. Role playing

GRADES 6-12 TALENTED AND GIFTED

MATERIALS FOR INSTRUCTION

A wide variety of instructional materials are necessary to enhance the learning experience. The materials include, but are not limited to:

I. FINE ARTS MATERIALS

- A. Prints
- B. Craft supplies
- C. Literature
