STEM PROGRAM

SCIENCE, TECHNOLOGY,
ENGINEERING, AND MATH

This enrichment program focuses on STEM activities and challenges that allow the students to design, investigate and learn while having FUN! Students will participate in weekly hands-on activities that incorporate real world topics and

technology to enhance students' problem solving skills, critical

thinking and teamwork abilities. This year, students will be able to program their own hexabots, ozobots, and cublets, and create their own designs with our new 3D printer and doodle pen!
