President
Clifton Board of Education

Maria Romeo
Principal

Dear School One Community,

It is with great pleasure that I am writing to you to introduce myself as the new Principal of School One. I am honored to have been selected to join the School One family. Throughout my 23 years of educational experience and my eight years as the Principal of Woodrow Wilson Middle School, I have dedicated myself to being an advocate for children. As a Principal my first priority is to build a strong positive relationship within our community to ensure that we are all working together to keep our students safe, happy and healthy.

My goal is to continue to build upon the loving and vibrant school one community. I strongly believe that our students must have a learning environment of kindness, acceptance and tolerance. These basic needs must be met in order to help our children thrive academically, socially and emotionally. I will work tirelessly to ensure that the School One students have the best educational environment and experience.

As we all move forward through this change in administration, I look forward to getting to know each and every one of my new families. We all share the same goal, to give our children every opportunity to be successful in life. I am confident that as we work together for the betterment of our children we will continue to develop strong team relationships and continue the traditions of School One that are rooted in honoring our children by challenging them academically, developing their social skills and instilling in them the confidence and power to believe in themselves.

Thank you

Mrs. Maria Caiafa-Romeo
